**1969 Buick 350 V8 Engine**  
Buick's first generation of V8 was offered from 1953 through 1956. It was an OHV pushrod engine like the then-new Oldsmobile "Rocket V8".It became known as the "nailhead" for the unusual vertical alignment of its small-sized valves. To offset the smaller-sized valves and restrictive intake- and exhaust-port diameters, the nailhead V8 family used a camshaft with greater lift and duration.
