Nice looking NEC AUA-8300E, any info? I have a colleague who has a NEC Model AUA-8300E receiver. Searching the site there is some reference to an AUT-8300E which is apparently a tuner but nothing on a AUA-8300E.

I own an old NEC AUA-8300E integrated amplifier. I really like the sound through my speakers and headphones, but when the music is quiet - especially inbetween songs I can hear an annoying hiss. NEC AUA 8300 - Recicla Audio

One of the bests amps I've seen inside, in terms of build quality, was a NEC AUA-8300. Everything inside was 1st quality, so if this 5000 is a small brother, I'd fix it. The main problem in the unit I've fixed was the power supply, 2 transistors of the regulated PS were burned, in both + and - rails.
